

About our Environmental Impact Statement

What is it?

The Australia Pacific LNG Environmental Impact Statement (EIS) has been prepared to describe the potential impacts of the Project and ways to avoid, minimise or mitigate these impacts.

The Australia Pacific LNG Environmental Impact Statement is a comprehensive document comprising:

- Just over 10,000 pages of information about the project including technical reports based on scientific studies
- Five volumes, plus an Executive Summary
- The volumes are:
 - Overview
 - Gas fields
 - Gas pipeline
 - LNG facility
 - Attachments
- Modelling of the cumulative impacts of other projects, including CSG to LNG projects, in the same study area.

Where to find it

The Australia Pacific LNG Environmental Impact Statement can be accessed by the public in a number of ways:

1. Online in an electronic book format

The online book version can be found at:
<http://www.aplng.com.au/eis>

2. In PDF format from the Australia Pacific LNG website.

You can download the PDF files of the Environmental Impact Statement from:

www.aplng.com.au

3. At regional community locations in both electronic and hard copy formats.

Hard copies will also be available in our Gladstone, Roma and Chinchilla offices.

4. In DVD format for those people who do not have access to the internet. To request a DVD, please contact us using the details below.

Contact us

Australia Pacific LNG encourages local communities and stakeholders alike to provide feedback on the Project and its Environmental Impact Statement. This ensures we understand community concerns and issues and helps us to develop a project that maximises benefits for Queensland and Australia.
