

***Environmental Protection Act 1994***  
**Section 152 application notice: Australia Pacific LNG Project**

**Resource activity: Site specific petroleum activity**

It is advised that Australia Pacific LNG Pty Limited has lodged an application for amendment to an environmental authority in accordance with the requirements of the *Environmental Protection Act 1994*. The environmental authority being amended is EPPG00885313.

The application relates to a field trial using contracted services supplied by the Commonwealth Scientific and Industrial Research Organisation (CSIRO) for the organic production of coal seam gas. The resource activity is proposed to occur on petroleum leases 195 and 204, and will involve trialling organic production of coal seam gas from two existing production wells in the Spring Gully area.

The application documents for the project consist of the application form and supporting information report. Application documents may be inspected or accessed at <https://www.aplng.com.au/about-us/compliance/environmental-and-social-management-plans.html>. Copies of, or extracts from, the application may also be obtained at Department of Environment and Science, Level 3, 400 George Street, Brisbane QLD 4000.

It is advised that any entity may make a submission about the application during the submission period, which is 20 business days from the publication date of this notice. **Submissions must be received on or before 4.30pm on the last day of the submission period.** Submissions must be sent to:
